

Land-Drought Nexus

www.unique-landuse.de

In 2017, the United Nations Convention to Combat Desertification (UNCCD) held the 13th Conference of the Parties. During this conference, UNCCD invited the Science-Policy Interface (SPI) to review existing synthesis reports and primary literature to provide guidance to support the adoption and implementation of land-based interventions for drought management and mitigation. UNIQUE was contracted to support the SPI and produce a Technical Report and Policy Brief in preparation for the 14th Conference of the Parties in 2019.

Country

worldwide

Duration

10/2018 - 06/2019

Client

United Nations Convention
to Combat Desertification
(UNCCD)

Our contribution

- Participation in SPI meetings.
- Drafting of a Technical Report.
- Drafting of a Policy Brief.
